MODERN TOOLKIT Project News#2

MODERN TOOLKIT PROJECT

Mobile and Digital E-learning Toolkit – MODERN Toolkit project is composed of 6 organisation from 5 European Countries with a great experience, scope and background. This project will be highly relevant to all partners as it focuses on increasing the ability and motivation of trainers, tutors and lecturers to use digital learning resources as a means to more effective and relevant teaching. The partners will develop, test, publish and promote the course. The project benefits will improve pedagogical strategies, greater ability to drive their own learning process and increased “on-the-go” access to learning especially when outside the classroom. The Modern project will be enable to teachers to boots career progression, and make institutions more competitive in terms of attracting students and producing excellence in results. Also will learn intuitive powerful tools for engaging students and adult learners on their phones and tablets.

Pedagogic Assessment

Now, we have our [Pedagogic assessment](#) of our top twenty-five tools. In this report we have undertaken a more detailed look at the pedagogic potential of the tools we find most useful. Each assessment is no more than 3 pages long and providers you with all

the essential information you need to decide if this is a tool that might be useful to you in your teaching deliver

EfVET Conference in Valencia

MODERN aims to increase the motivation of education providers to use digital learning resources as a means to more effective and relevant teaching methods.

Two very lively round table discussions took place at the EfVET Conference in Valencia. Thank you all the round table delegates who participated and learn how to use the digital learning tools “ [Audit of Learning Tools](#)”. This report provided you with an excellent overview of learning tools in general & their applicability.
